Item	Requirements on TU 2112-134-31323949-2005				Actual
	<u>Grade</u> 9998	<u>Grade</u> 9995	<u>Grade</u> 9990	<u>Grade</u> 9950	
1.Mass fraction of sulphur, %, min.	99,98	99,95	99,90	99,5	99,99
2.Mass fraction of ash, %, max.	0,02	0,03	0,05	0,2	0,005
3. Mass fraction of organic matters, %,max.	0,01	0,03	0,06	0,25	0,002
4.Mass fraction of acids on conversion to sulphuric acid, %, max.	0,0015	0,0030	0,0040	0,0100	0,0010
5. Mass fraction of water, %, max.	0,5				0,01
6. Mechanical impurities content (paper, sand, wood etc.)	It is not allowed				Abs.
Grain composition					
1. Granules form	Close to spherical				Respectively
2. Mass fraction of granules, diameter 1,0-7,0 mm,% mass, min.	90				96,90
3. Packed density, g/cc	1,14-1,35				1,18

Conclusion: The product meets the requirements of TU 2112-134-31323949-2005
